

TALKROUND

Out of Venue, to end of lane, go left round the roundabout to the layby and old path. Straight on, at the T junction of paths, go left round the edge of the lake, and then left under the railway line, straight on and the right up the track by the next railway line, left under the railway to Crew site at Carr Lane and 25k cut through. (25k continue at ***)

Follow the track round the site and then left towards houses. Follow the road to the T junction. Go left, then right down to the main road (B6422), cross with care and go up beside the church, the right and left. Follow the road and turn right into Church Mount, then left at the end. Left into Mayfields way follow round to the FP across the field – single file please. Cross the road with care to join the bridleway. Follow this right up to 5 lane ends – crew spot. Go left along the old lane (with care) and straight on at the road, at the bend go left onto a track. Halfway along go right onto the bridleway, the path goes across the field near the pylon then into an old lane, with the fence on the left. Through a couple of gates and left onto the farm access track to Great Houghton.

At the road, go right and then left, down the road a short distance to join the bridleway on the right.. At the end, go right and then left. Follow this bridleway with the hedge on your left, through 2 gates and into the wood. Exit from the far left corner, keep the hedge on your right, follow the track to the right and then left, up through Grimethorpe woods. Past the cemetery, right into Nancy road, follow round to the left and then right, to the Burntwood crew spot. Join the bridleway all the way up to Ringstone Hill. Then go right along the byway, keep the hedge on your right up to CP1.

Cross the road with care, go down the track, through the gate, past the entrance to Howel Woods to the road. Left, right and left onto the bridleway. Follow the bridleway to the road – CARE! Cross the road and use the wide footway, go left, at the end, go right out to the estate road. Use the footway to go left and then cross opposite the bridleway. Over the horse stile, past the recycling factory (noisy!) until you reach the railway line.

*** All routes

Follow the track beside the railway line for a short distance, go right under the railway and follow the track up to the main road – A6201 and CP2 - CARE. Cross the road and go right, follow the bridleway up to the T junction by an old bridge. Go left and follow the track across to the underpass under the A628. Turn right and join a track which runs parallel to the road but has a big hedge. Follow this until you reach the roundabout. Go left and cross the road with care onto the bridleway at Hoyle Mill.

Follow this lane, bear right and then right onto the cycleway. Follow the cycleway – crossing various roads then at the end go left onto Mill Lane. Follow this along, then go right onto Low Farm lane. Follow the arrows across this private land and keep to single file. Go left onto an old lane which takes you to Low Ackworth, go right – CARE.

Follow this road, under the railway bridge and look for the bridleway on the right. Follow the bridleway, care crossing the road at the Hotel. Continue up the bridleway before the top look for the arrows taking you round over private land to a track through the woods and out to the road at Upton, go left, then right, make use of the wide verge and go right to join the railway line. At the end go over the horse stile and left to return back to the Venue.
